

Tour 333 – The three tours

Beyond the postcard Basel: Kleinbasel between history and alternative culture / Grossbasel outside the Old Town

Cross the Rhine into Kleinbasel, where medieval fortifications meet today's creative and multicultural neighbourhoods. Explore hidden corners, riverside life, the St. Alban district, and discover why Kleinbasel has become one of the city's most vibrant areas.

Highlights

- Historic Kleinbasel
- Bathing and holiday resorts on the Rhine
- Letz Tower
- The old city walls
- The Saint-Alban Valley
- St Johann's Gate

Perfect for: visitors who already know the Old Town and want to experience a different side of Basel.

Please note: On the way, we'll take the tram from St. Albaner Tor to St. Johanns-Tor. The walk is quite long. We recommend wearing suitable shoes and being reasonably fit.
